Preparation before a Video Assessment

Video Interview Support - Nam - 2014-03-14 - 0 Comments - in Troubleshooting and technical difficulties

Before setting up your video assessment, make sure the following things are up and running:

- Make sure that your webcam is connected to the computer
- Make sure you are connected to the internet
- Make sure that Adobe Flash Player has been updated to the most recent version (click [here](#) to check)
- Restarting your computer before taking the assessment can help avoid some technical issues.
- Close all other programs that may use your webcam, such as Skype.
